Online Homework: Mathletics & Readwriter

Dear parents,

We will continue to use 'Mathletics' as our platform for completing maths homework this year. We are also very excited to introduce pupils to 'Readwriter'; an online platform to aid with spellings practise. **This uses the same log in details as Mathletics.**

Pupils have been shown how to access Readwriter in school today, which we hope will help them to prepare for their usual spelling test on a Friday. Their spelling list for each week will be able to be accessed on Readwriter from the Friday before their test each week. Please note, spelling overviews for the term will no longer be sent home.

Attached are helpful parent guides for both [Mathletics](#) and [Readwriter](#). There are also lots of helpful videos contained on the sites themselves (before pupils have logged in). Pupils will also have the opportunity to go through Mathletics or Readwriter with a member of staff next week if they are struggling.

Yours sincerely,

Mr Cottrell
