Redwood Class Term 2 Newsletter

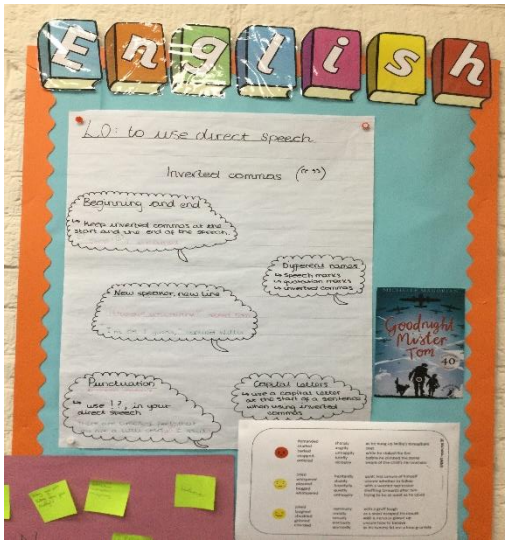
Class Teacher: Miss Dyer Class TA: Mrs Allen

This newsletter will share with you all the amazing learning that has taken place this term!

English

In English this term, we have been studying the start of the beautiful novel – 'Goodnight Mister Tom' by Michelle Magorian. We have been particularly focusing on –

- Using amazing adjectives, similes and metaphors for description of setting and characters
- How to show direct speech in our writing



Maths

This term we have been focusing on fractions! We are now able to –

- Add and subtract fractions
- Multiply fractions together
- Multiply a fraction and a whole number together
- Divide a whole number by a fraction
- Work out the whole

Science

In Science, we have been learning all about light and how –

- Light travels in straight lines
- Light travels from a light source and reflects off of an object into our eyes
- Light is made up of the colours of the rainbow (visible spectrum)
- Light is the fastest known energy in the Universe
- We can use a periscope (see our awesome creations below!)

Geography

We have been studying the AMAZING AMERICAS in Geography this term.
We have learnt –

- That America is split into two continents; North and South America
- The impact latitude has on climate
- The location of different countries
- To compare where we live with Death Valley

Other Subjects

PE – In PE this term we have been working on our football skills with Mr Philips every Monday and are in the process of constructing our dance for the Wiltshire Dance Festival

French – We have been recapping greetings in French as well as counting and saying our age.

Gentle reminders

There is an expectation to –

- Wear the correct PE kit on PE days
- Read at least 3x a week with an adult and sign reading record
- Complete all homework set on Ed Shed
