

### Literacy, Communication & Language

This term we will be developing a love of reading by sharing stories and reading our new reading books at home and at school. We have already made a start on this so please continue to enjoy sharing your "library book" and "Reading book" and look at your new keywords together at home. In class we will focus in depth on the story "Bringing the rain to Kapiti Plain" and later in the term the story "Look up!".

### Mathematics

This term we will begin by counting, comparing, sorting and matching groups of 1,2,3 and then extend this to numbers up to 5. We will "use our eyes to subitise" (recognise a group of up to 5 without the need to count) and talk about 1 more and 1 less. We will continue to learn with the numberblocks to help us understand the composition of 1,2,3,4,5 and how to represent 1 to 5 in different ways using different equipment.

### The Natural World

We will continue to develop a love of the Natural World by venturing outside for some sensory welly walks to investigate Autumn. We will talk about and collect different leaves around the school grounds and talk about the changing weather. We will also try to draw different leaves and use leaves to make collage pictures.

### Past and Present

We will be talking about the Seasons and what changes that have happened since we have been at school. We will also be comparing toys from the past and toys now. We will be naming the materials used to make toys and describe their properties.

### People, Culture and Communities

This term we will explore the value "Compassion" and talk about how we can demonstrate this in acts of kindness to each other in Blossom class throughout the school day and in the wider world.

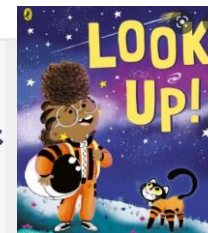

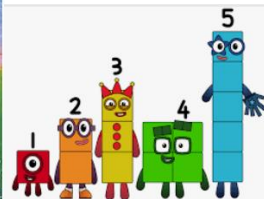

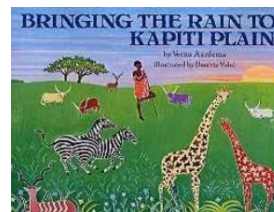

# What is Christmas?

## EYFS

## Blossom Class Term 2 2022

### WOW

- Blossom and Willow Class Christmas Nativity.

### Physical Development

This term we will continue to learn how to safely use equipment, manage risks and make safe choices in our outside area. In our PE sessions we will learn how to move our bodies in different ways in dance. We will also have football sessions on a Monday.

### Being Imaginative and Expressive

This term we will continue to sing a variety of songs including number songs, rhymes, action songs and songs for our Christmas Nativity at the end of term. We will also explore dressing up and card writing in our Christmas role play area.

### Creating with Materials

This term we will be busy making lots of arts and crafts by independently using scissors, sellotape and glue. We will try to develop our scissor control to make some gifts to give to others.

### PSED

Our focus this term will be to become more independent with class and school routines. We will continue to talk about our feelings using "The colour Monster" picture prompts and will practise solving problems by talking to each other with kind words.

### Understanding the World

We will talk about using computers safely. We will be developing our mouse skills through using the class computers. We will also be using the iPads to take selfies and photos of each other.
