

Literacy, Communication & Language

We have made great progress with sharing our reading books and library books. This term we will continue to develop a love of reading by making more time to share and talk about a range of high quality picture books. In class we will focus in depth on the story "Look up!" as we ran out of time to do this last term. Then we will focus on "Halibut Jackson". Please keep reading and sharing books together at home.

Mathematics

This term we will continue to compare collections and talk about the composition of 4 and 5 with the Numberblocks. We will continue to "use our eyes to subitise" (recognise a group of up to 5 without the need to count) and represent numbers 1 to 5 in different ways. We will then have some fun to compare mass and compare capacity before moving on to learning and talking about numbers 6,7,8.

The Natural World

We will continue to develop a love of the Natural World by venturing outside for some sensory welly walks to investigate Winter. We will talk about ice, frost and snow and explore melting and freezing. We will talk about where the Arctic is, find it on a globe, talk about what it is like to be there and what animals live there.

Past and Present

We will be talking about the Seasons and what changes have happened now it is Winter. This term we will start "Show and Tell" to support each child develop their confidence to talk about their ideas, experiences and interests with a familiar group. This activity will also help us listen carefully and ask and answer questions.

People, Culture and Communities

This term we will explore the value "Courage" and talk about how we can demonstrate this by believing in ourselves and trying new things but also through acts of courage to help each other in class, at school and in the wider world.

Twinkle Twinkle Little Star

EYFS

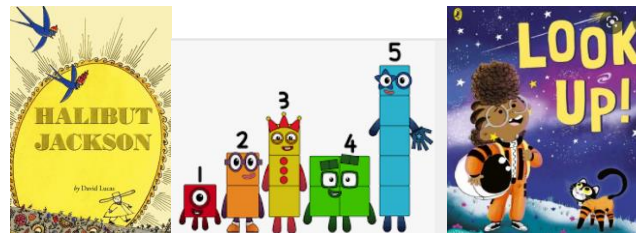

Blossom Class Term 3 2023

Physical Development

This term we will continue to learn how to safely use equipment, manage risks and make safe choices in our outside area. In our PE sessions we will learn how to use different equipment safely and work on our balance in Gymnastics and Throwing and Catching skills.

WOW

- Winter Welly Walk
- Explore freezing and melting

Being Imaginative and Expressive

This term we will continue to sing a variety of songs to support our learning in all areas of the curriculum. We will also encourage children to follow their own ideas to independently use all of our creative area equipment to make rockets!

Creating with Materials

This term we will make lots of arts and crafts based on the theme winter and space. We will focus on independently using scissors, sellotape, glue and paintbrushes to create different effects.

PSED

This term we will work towards becoming more independent with everyday routines. We will continue to talk about our feelings and sort out problems by "using kind words to sort out problems". We will share lots of stories about making a good choice.

Understanding the World

This term we will be developing our mouse skills when using the class computers. We will use a painting programme to try to draw some pictures using the mouse. We will also be using the iPads to take space themed selfies and photos.
