

It was lovely to see so many of you at parents' evening and for you to look at your child's books. Please do not hesitate to catch me on the gate for a quick chat or to make an appointment (via [admin@chapmanslade.wilts.sch.uk](mailto:admin@chapmanslade.wilts.sch.uk)) if you wish to discuss your child's work or if you have any concerns.

You'll never guess what I held today...

With thanks to FOCS, we had the opportunity to hold and learn about the smaller (and often regarded as the most scary!) creatures from Longleat. Steve (from Longleat) was a great speaker and answered many questions from Redwood. They did me proud with the high level of questioning and their respect to the animals.

It was a particularly well-timed birthday treat for Max!

The sun shone for our cricket session. It was great to get out on the grass and revisit some of the skills and games previously taught.

### Maths

Lessons are currently focussing on the four operations and time is being spent to consolidate learning in addition, subtraction, multiplication and division (including fractions). Maths homework is now arithmetic practice and will be given to pupils (on paper) on Friday in place of maths shed. Please return the homework on or before the following Friday. Please speak to Ms Holloway or write a note on the homework if further support is required.

Don't forget...

SATs Club on Tuesdays for all year 6 pupils.

Badminton  
was a hit!

### Science

We have started our new unit of work. Knowledge Organisers have been sent home.

At the end of the unit we will be answering the question; 'How do our bodies function and what affects this?'.

<https://www.bbc.co.uk/bitesize/topics/zcyycdm/articles/zk784xs>

PE will  
continue to  
take place on  
Wednesday  
and Friday  
this term.

### English

We will create a number of varied written outcomes using the text Beowulf as a starting point.

Take a look at the following link for a little taster!

<https://www.youtube.com/watch?v=j4tsjDuULZQ>

### History

We will learn how the Stone Age to Bronze Age periods impacted on life in Britain. There will be opportunities to research and present their findings to the class.
