

## Comparative Outcomes Summer 2025

The Department for Education ask all schools to share the outcomes of all pupils nationally, and of pupils within the school, alongside end of year reports.

The national data shared below is that of 2024 (2025 outcomes are currently unverified; schools will not receive the final 2025 figure until the Autumn term). The cohort information is for pupils in the school this year. Please note that where a cohort contains 5 or fewer pupils, this information is not shared.
